

performed in the Selected Reserve before September 23, 1996, may be used to qualify for this credit. However, the records of individuals who were members of the Selected Reserve and met all other qualification requirements may be adjusted to reflect the awarded service credit for each full year of qualifying service that ended on or after September 22, 1997.

This memorandum is effective immediately. Reissuance of DoD Instruction 1215.7 "Service Credit for Reserve Retirement" will incorporate the substance of this memorandum.
